Program-
First Program Using For Loop

Problem Statement-

WAP to print Natural Numbers from 1 to N, where N will be given by the user.

Solution

WAP to print Natural Numbers from 1 to N, where N will be given by the user.

```java
import java.util.*;
class  loop{
  public static void main(String Args[]) {
      int i,n;
      Scanner sc= new Scanner(System.in);
      System.out.println("Enter  a number");
      n= sc.nextInt();
      for(i=1; i<=n; i++)
        {
           System.out.println(i);
        }
    }
}
```
